RE: Termination Letter, Notice of Violation, Docket No. 4067-07
Solvay Soda Ash Joint Venture, Inc.

Dear Mr. Hughes:

The purpose of this letter is to formally terminate the Notice of Violation that was issued in June 2007. The penalty amount was received by the Department in October 2007, and similarly the City of Green River accepted a donation for the proposed expansion of the Green Belt project on October 26, 2007 (receipt attached).

While the Settlement Agreement originally required that post construction confirmation be required, we are satisfied that Solvay's obligations have been met, and there is a clear indication from the City that they plan to move forward with the project during their 2008-2009 fiscal year beginning in July, (memorandum and plan maps attached).

Sincerely,

Amy Boyle
Geologic Project Analyst
Department of Environmental Quality
